8. \$5.00 day fee – This proposal is to extend this for all areas of fighting. Nonmembers can pay a \$5.00 day fee to fight. They can also if they choose to purchase the insurance for \$4.50 for the day. The insurance would have to be paid each time the day fee is paid if the fighter wishes to have it. Paying the day fee would then include the next plague or pox to keep them interested and up to dat

on what we are doing. If the person then wishes to buy membership and has the mailing they received they will receive \$5.00 off on their membership as long as it is within 3 months. The insurance will still need to be paid again if the fighter wishes to use it. For anyone who uses this for membership must have read the rules and follow all of our rules. Concern for safety is to be left to the Head Reeve for the event. – **passed**
